| **1. The Food Foundation**  
(Dr Amber Wheeler)  
In collaboration with CSA Network UK and Better Food Traders | COVID-19 UK Veg Box Report  
To gather evidence that veg box schemes were experiencing unprecedented demand. | April 2020 | How many? 101 veg box schemes  
Where from? Across the UK | Online and phone surveys |
| **2. Food, Farming & Countryside Commission, The Food Foundation, Kings College London, Guy’s and St Thomas’ Charity** | The impact of Coronavirus on food behaviours and attitudes  
How is COVID-19 affecting how we feed ourselves? | Early April 2020 | How many? 4543 adults (18+)  
Where from? Great Britain | Online survey. Figures weighted to be representative of all GB adults. |
| **3. HUBBUB Foundation UK** | How has Covid-19 changed our eating habits?  
What has been the immediate impact of COVID-19?  
How can we help people have a healthier, less wasteful diet? | Early-mid April 2020 | How many? 2000 adults  
Where from? Across the UK | Public polling - nationally representative |
| **4. Institute of Grocery Distribution (IGD)** | Post-Coronavirus (COVID-19): how could health and wellness evolve?  
To help the food industry plan for the next stages of the pandemic and beyond.  
What are the challenges on the ground and opportunities for future focus? | May 2020 | How many? Over 1000 adults  
Where from? Across the UK | Nationally representative surveys  
Conversations with commercial and technical experts from retailers, manufacturers, caterers and the out of home sector |
| **5. Obesity Action Scotland** | Lifestyle of Scotland’s People Since the Coronavirus Outbreak  
To understand the effects of the coronavirus outbreak on lifestyle, especially on diet and physical activity. | Early May | How many? 2079 adults (16+)  
Where from? Scotland | Online survey. Respondents invited from the ScotPulse panel of 28,000 adults. Sample deemed suitable to allow for robust and reliable estimates. |
| **6. Obesity Health Alliance** | How are COVID-19 measures affecting the food environment?  
To understand more about the potential effect of the COVID-19 pandemic and public health measures to manage the situation, on the food environment and what people are eating. | Mid-April | How many? 2025 adults  
Where from? Across the UK | Online interview. Data were weighted to be demographically representative of English adults by gender, age, region and social grade. |
| **7. Obesity Health Alliance** | Food and shopping during the coronavirus outbreak  
To understand more about the potential effect of the COVID-19 pandemic and public health measures to manage the situation, on the food environment and what people are eating. | End May | How many? 2085 adults  
Where from? Across the UK | Online interview. Data were weighted to be demographically representative of English adults by gender, age, region and social grade. |
| **8. The Waste and Resources Action Programme (WRAP)**  
Love Food Hate Waste | The Covid-19 lockdown – food purchasing, management and waste  
To understand the impact of the Covid-19 lockdown on citizens’ planning, purchase, storage and consumption behaviours; and to explore the potential implications of any behavioural variations from the ‘norm’ on changes in levels of food waste. | Early April 2020 | How many? 4197 adults (18+)  
Where from? Across the UK | Interviews - adults with responsibility in their home for grocery shopping and/or food preparation.  
Sample profile was controlled to be in line with the known population profile of the UK, with quota targets set on UK nation, English region, social grade, age and gender. |
